TO: All County and Municipal ABC Boards

Administrator

ABC WAREHOUSE CONTRACT

Pleased be advised that due to the surging price of fuel, the ABC Commission has changed the definition of a "full truck shipment" as outlined in the ABC Warehouse Contract with LB&B. Effective May 1, 2006, the minimum full truck shipment will increase from 900 cases to 1050 cases. Additionally, the Commission is requesting that ABC Boards operating multi-store systems with a central warehouse begin receiving palletized loads when ordering product for these warehouses. This will allow the trucks to return sooner to Raleigh to be reloaded for other deliveries. As you know, last years business here increased by 194 "full truck shipments" over the previous year and we expect this trend to continue. In order to meet current demands to the delivery schedule and keep bailment charges at a reasonable price, your assistance and cooperation with these contract adjustments is required.
