RE: Adjustments to Bailment Surcharge and Local Board Markup

Please be advised that effective May 1, 2001, Bailment Surcharge will change from \$.70 to \$.80 per case. This change is needed to fund the Commission's newly created Education and Training Division.

In addition and effective May 1, 2001, the local board markup will change from 37% to 38.20%. This change is needed to offset increases in operating expenses and to improve the profitability of the local ABC boards. Our calculations indicate that the above adjustments to the uniform pricing formula for spirituous liquor should not increase the price of a single 750 ml bottle more than \$.05.

As always, the Commission will continue to operate as efficiently as possible in order to keep expenses to a minimum.

If you have any questions, please give us a call.
