SPECIAL ORDERS

The Commission has been working closely with LB&B to improve the special order process. There are some things you can do also to help:

- Let customers know that the average wait time is 6 weeks.
- When you get notification from the Commission that your product is in the warehouse, call Graham on the day your next order is being picked to confirm that the special order product gets on the truck. This is especially important for boards that receive only one or two deliveries per month.
